**Search Executive Group**  
Executive Search Advisory

## Competence

means for you:

- Thinking and acting flexibly.
- Continuity for the training and further training of your employees.
- High quality standards.

## Experience

means for you:

- We deal with each other and our customers on a basis of fairness, trust and openness.
- We actively involve our customers and their employees when drawing up solutions for problems.

## Innovation

means for you:

- Methods of market, company and sector analysis are used specifically to reach successful candidates.
- Finding creative and independent solutions for each individual problem..

## Successful Cooperation

When drawing up position and requirement profiles:

- Including our customer's corporate strategy and Corporate Identity.
- Definite, structured and independent market, sector and company analyses, resulting in a high transparency for our customer.

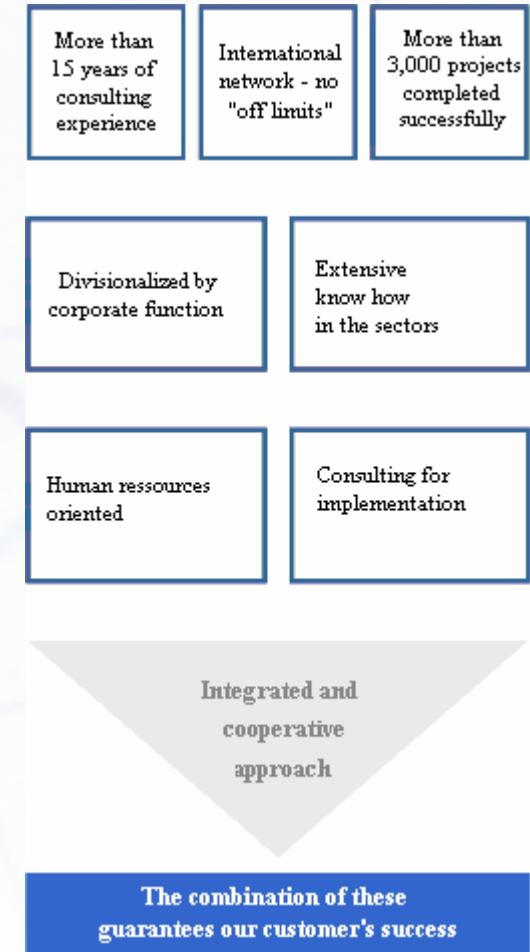

When conducting a direct search:

- Our consultants gained experience and competence in over 5,000 direct searches conducted each year by them.
- **Search Executive Group** guarantee their discretion – no off-limits topics –, making it possible to reach interesting candidates from 95 % of the market and competitors.
- **Search Executive Group** network of research consultants integrated in Germany and Europe.
- Direct search sourcing and project supervision supported by high-performance database (Hunter NT).

When suggesting a candidate

- Strategically ensured evaluation of candidate's personality while taking into account acting persons' personalities and offering comprehensive support for candidates' decision-making.

## Consulting Competence

**The key too success is not information. It's people..**

(Lee Iacocca (\*1924), American top manager, 1979-92 Chairman of Chrysler Corp.)
